## 2022

## SECURING THE HOUSE OF WORSHIP

Developing Church  
Security Teams

DISTRIBUTED SECURITY, INC

*Those who  
built on the wall,  
and those who  
carried burdens,  
loaded themselves so  
that with one hand they  
worked at construction,  
and with the other  
held a weapon.*

NEHEMIAH 4:17

TRAINING MANUALS

ONLINE SEMINARS

ON-SITE TRAINING

Distributed Security trains members of religious groups and faith-based organizations to actively defend against violent attack. Our trainers, advisors, and operators all possess military, agency, and/or law enforcement backgrounds and deliver a training curriculum unsurpassed within the security industry.

### TIER 4 - Combative Handgun\*

**INDIVIDUAL DEFENDERS.** TRAINS EMPLOYEES TO SAFELY AND EFFECTIVELY CARRY CONCEALED WEAPONS ON SITE. For any size enterprise that wants to ensure safe and competent on-premise carriers. Program includes 16 hours of dedicated range training plus access to on-line resources. Introductory tactical medicine skills are integrated into the on-range and on-line training.

This program requires a minimum of 6 employees per class, is delivered over a 30 day period. Qualifying students receive the DSI “Tier 4 Defender” certification. Range training can be configured as two 8 hour sessions or four 4 hour sessions. Range facility surcharge may apply based upon location of client.

---

<b>Details</b>	✓	6 employees.	✓	Combative handgun.
	✓	16 hours range training.	✓	Tactical medical.
	✓	30 day duration.	✓	No prerequisite.

### TIER 3 - Individual Tactics\*

**INDIVIDUAL OPERATORS.** FOR ANY SIZE ENTERPRISE THAT WANTS TO TRAIN A SMALL CADRE OF EMPLOYEES TO DEFEND AGAINST A VIOLENT ATTACK. This program integrates 16 hours of dedicated range training, 24 hours of reality based training, and, 16 hours of pre and post course instructional learning and guided dry practice. Tactical medical training is included. Training focuses on the use of concealment and cover, working hallways, stairs and doorways, crossing thresholds and clearing rooms.

There is a minimum of 6 employees per class, this program is delivered over a 3 month period. Qualifying students receive the DSI “Tier 3 Operator” certification. Range facility surcharge may apply based upon location of client.

Enterprises have two options to achieve Tier 3 certification. They may purchase the Tier 3 integrated program which includes all Tier 4 training, or start with Tier 4, then take the additional Tier 3 courses at a later date. The cost for this second option will be higher and determined by elapsed time between completing the Tier 4 course and starting the Tier 3 program, plus, any turnover on the training team (new team members would go through the Tier 4 courses first).

---

<b>Details</b>	✓	6 employees.	✓	Combative handgun.
	✓	56 hours of training.	✓	Individual tactics.
	✓	3 month duration.	✓	Tactical medical.

## ABOUT DISTRIBUTED SECURITY

DISTRIBUTED SECURITY, INC. is a private security company. We train, advise, and operate proprietary teams to actively defend enterprise life and property. Our offerings are delivered via online, on-range, and on-site options. We train individuals and teams to SWAT level competencies. Our curriculum includes combative firearms, individual and team tactics, and tactical medicine and communications skills. We advise enterprises and organizations on the development and deployment of proprietary security teams via our Command School and Distributed Security Networks. We operate our own quick reaction teams that can provide immediate response to covered clients in the event of imminent threat.

Mike Smock is Co-founder and CEO of Distributed Security. Over a 40-year career, he has managed or advised enterprises operating in at-risk environments worldwide. Prior to co-founding the enterprise, he was managing director for a San Francisco based strategy consultancy, and Chairman and CEO of an international contracting firm. In his early career, he spent 15 years in senior management positions with national and international enterprises. He attended Michigan State University.

Ron Danielowski is Executive Vice President - Chief Instructor. Prior to co-founding the enterprise he spent 25 years as a multi-agency accredited instructor, organizing, developing, implementing, and overseeing training solutions for numerous federal agencies including the Department of Energy, Federal Air Marshals, and the Department of State. He has worked extensively in both Afghanistan and Iraq in support of America's military and federal agencies. Ron started his instructing career in the Marine Corps, both as a coach and a Primary Marksmanship Instructor. Ron is a Distinguished Marksman and member of the "President's Hundred" .

Bill Tallen is Executive Vice President- Tactical Operations. Prior to joining the enterprise he had a 20 year career with the Department of Energy, where he served as a Federal Agent, team leader, unit commander, training instructor, and manager in the agency which provides secure transportation of nuclear weapons and nuclear materials within CONUS. He helped to found DOE's Special Response Force program, developing and teaching urban and close quarter battle techniques to Federal Agents charged with recovery of lost assets. He has designed and conducted a variety of wargaming efforts in support of vulnerability assessments, security system design, and leadership training, and has taught a variety of crisis decision making models. Bill holds the degree of Master of Arts in National Security and Strategic Studies from the U.S. Naval War College.

Randy Bartlett is Vice President- Strategic Engagements and leads the development and implementation of corporate level partnerships and joint ventures. He has over 30 years military and paramilitary experience as a commissioned Infantry officer, non-commissioned officer, and contractor. Through various companies, he provided leadership and management for site and convoy security, medical evacuation, personnel recovery, expatriate evacuation, vulnerability analysis and gap assessment, and business continuity in several countries. As part of the withdrawal of conventional forces from Iraq, he was part of a four man team that located, accounted for, and developed protective plans for Americans and foreign nationals in Iraq. He also developed a security program for an infrastructure renewal and development project valued at \$1B USD in Libya.

## SECURING THE HOUSE OF WORSHIP

Chuck Gbur, MD is Vice President- Tactical Medicine and leads the development and instruction of all tactical medicine content. He is a retired Battalion Surgeon and currently a interventional cardiologist in Toledo, Ohio. He is board certified in Internal Medicine, Cardiology, Interventional Cardiology and Undersea & Hyperbaric Medicine. He served as a medical officer in the United States Navy. During most of his 25 year military career he served with the Fleet Marine Force. He held numerous positions including Battalion Surgeon, Marine Rear Area Operation Group Surgeon, Regimental Surgeon, and Advisor to The Medical Officer of the Marine Corps at HQMC. He was a graduate of the Naval War College and Joint Forces Staff College.

Les Leslie is Vice President- Business Development. As a former US Army Light Infantry squad leader, he has a tactical military background covering wartime deployments and training missions in Southwest Asia, Central America, the Caribbean, Southeast Asia, Europe, and Alaska. He is well versed in subjects ranging from mountain and arctic warfare, to tactical mantracking, urban operations, intelligence gathering, joint-operations with local forces, small-unit training, combat zone protective details, and tactical medicine and communications. In support of Operation Sea Signal, Joint Task Force 160, Les and his unit were instrumental in the construction and fortification of, the now infamous, "Camp X-Ray" on Guantanamo Bay, tasked with Riot Control operations, and responsible for coordinating transport of criminal and communist, migrant Cuban and Haitian nationals back across their respective borders for purposes of repatriation.
